

*Advance Amino is a unique plant derived full spectrum amino acid combined with nutrient, enzymes and beneficial biology. Add to fertiliser blends to increase plant uptake.*

## UNIQUE FEATURES:

- Improved pollination & fruit set
- Chelation of nutrients providing greater plant availability
- Reduction in plant stress levels
- Stimulates soil rhizosphere leading to greater nutrient uptake
- Concentrated and easy to apply
- Applied via fertigation or foliar spray
- Compatible with tech grade fertilisers
- Supported by Independent Field Trial Data

Manufactured by:

# Advance AMINO

PLANT DERIVED FULL SPECTRUM AMINO + NUTRIENT & BENEFICIAL BIOLOGY

APPLICATION TIMING	LITRES/HA
Commencement of flowering	5-10L
Fruit set	5-10L
Key periods of temperature stress	5-10L
With nutrient applications	5-10L

**Application Method:** Fertigation or foliar spray.

### Application Notes:

Do not apply with Copper Fungicide. Dilute with 70-100+L water/HA. If using high volumes of water for foliar sprays use 500-1000mls/100L water.

### Ingredients:

10% amino acids, 2% N, 10% sugars, 15% organic carbon, beneficial biology, trace minerals, enzymes.

**Compatibility:** Compatible with tech grade fertilisers. Always conduct a 'jar test' prior to tank mixing. Caution needs to be taken when mixing with pesticides as potential crop damage could occur. Thoroughly decontaminate tanks and spray equipment before use particularly before applying to sensitive crops. Clean the entire sprayer system, not just the tank.

**Storage:** Avoid exposure to direct sunlight and store in a cool dry place. Ideally use within six months.

For further information refer to the SDS on our website. Switch Innovation's responsibility for the product sold is subject to the terms and conditions of sale, a copy which is available upon request.

**NOTE: PRODUCT REQUIRES AGITATION PRIOR TO APPLICATION**
