

Energize is a unique combination of nutrient, enzymes, sugars & bio-stimulants that help to release tied up nutrients and to deliver those nutrients to plant roots.

UNIQUE FEATURES:

- Release locked up soil nutrients via nutrient extraction agents
- Stimulate beneficial microbial activity in the soil
- Greater uptake of soil applied fertiliser
- Increased water use efficiency and drought tolerance
- Highly concentrated and easy to apply
- Compatible with tech grade fertilisers and manures
- Supported by Independent Field Trial Data

Manufactured by:
Switch Innovation Pty Ltd
Cowra NSW 2794

DRUM SIZE 20L · 200L · 1000L

CROP	LITRES/HA
Horticulture	10L
Broadacre	5-10L
Pasture	5-10L

Apply via foliar, fertigation, boom or liquid inject.
Dilute with 70-100+L water/HA

Ingredients:

1.6% K, 0.4% Ca, 15% sugars, biostimulants, trace minerals, enzymes, filtered water.

Compatibility: Compatible with a range of pesticides. Always conduct a 'jar test' when mixing with chemicals prior to application. Caution needs to be taken when mixing with herbicides as potential crop damage could occur. Thoroughly decontaminate tanks and spray equipment before use particularly before applying to sensitive crops. Clean the entire sprayer system, not just the tank.

Storage: Avoid exposure to direct sunlight and store in a cool dry place. Ideally use within six months.

For further information refer to the SDS on our website. Switch Innovation's responsibility for the product sold is subject to the terms and conditions of sale, a copy which is available upon request.

NOTE: PRODUCT REQUIRES AGITATION PRIOR TO APPLICATION. APPLY WITH OR STRAIGHT AFTER FERTILISER APPLICATIONS
